## 1.2. Process for “Pre-assign” in advance (預先帶入處理)

### 1.2.1. Process for “Pre-assign”

1.2.1.1. Courses that clearly indicated as “pre-assign” in the “required/elective” column on NTU Online, are requested to be required courses by each home department for their undergraduates and designated to be placed the curriculum number and class (hereafter as refer to pre-assign courses). (**Remark:** Student dropped the pre-assign class and then re-registered back the original class, the class was not guarantee to be selected successfully. Therefore students shall consider very carefully before dropping any pre-assign courses.)

1.2.1.2. There is no pre-assign process for incoming exchange/ visiting/ joint degree/ dual degree students, graduate students and undergraduate students in their extended study term.

1.2.2. First semester courses of full year courses of previous semester have not been collected completely during the period of pre-registration, the scores will be regarded as “pass” to process courses brought in advance. **After the period of pre-registration - stage 2, if the grades of prerequisite courses have not been arrived, they will be regarded as “X”. If these grades do not conform to the requirement of prerequisite courses, the courses will be blocked.**

## 1.3. Course Pre-registration—Stage 1 (初選一階)

**【January 19 (Mon.) to January 21 (Wed.), from 9:00 a.m. to next day 3:00 a.m.】**

### 1.3.1. Online Course Selection:

1.3.1.1. The System of Course Selection can be entered from [myNTU](#) → “Online Course Selection System I” or “Online Course Selection System II”

1.3.1.2. Course Add:

1.3.1.2.1. For adding courses, a 5-digit **Serial Number**, **Curriculum Number** or **Curriculum Identity Number** on class schedule is available for use.

1.3.1.2.2. You can directly import the classes from the NOL/ My Class Schedule. Then set a desire order for each course to add.

1.3.2. In Stage 1, all subjects can be registered online, except situations as follow:

1.3.2.1. Classes which have been set as “not open in course pre-registration period” by offered unit are not accepted for pre-registration.

1.3.2.2. Overseas Chinese students, international students, sophomore and upper grade students are not allowed to enroll Chinese/English courses in the pre-registration. (For overseas Chinese students

and international freshman students, classes will be brought automatically in accordance to the result in their Chinese/English proficiency test.) If they miss the Chinese/English proficiency test and do not take the make-up test, Chinese/English courses will be blocked.

- 1.3.2.3. For sophomore and upper grade students to retake and make up their failed Chinese/English, please add courses by using permission number after classes begin.
- 1.3.2.4. Classes, having been brought into the courses record in advance, are not accepted dual enrollment.
  - 1.3.2.4.1. For regulations and procedures of English course selection, please refer to [specific note of Foreign Language](#).
- 1.3.3. Courses are allocated by the following processing order in the course selection system : Chinese → English and foreign language → Calculus → Other
- 1.3.4. Students are allowed to select up to 99 classes in addition to those above-mentioned subjects. While registration, students have to prioritize the preference order for courses with conflict in schedule or classes with the same curriculum. If there are courses with conflict in schedule or classes with the same curriculum number, the System will allocate in the order of the preference order.
- 1.3.5. Regarding to maximum credits for course registration per semester, please refer to “[Credit Requirements Sheets for Spring Semester 2026](#)”.
- 1.3.6. **Please mind the following situations:**
  - 1.3.6.1. Students do not need to register classes which are brought into course selection record in advance. If the course is pre-assigned and brought into course selection record in advance and it has been passed or exempted by approval, student should drop the course. **Or courses which are pre-assigned and brought into course selection record conflict each other, student should drop others in case that all of conflict courses will be deleted at the end of course selection.**
  - 1.3.6.2. If courses specified by pre-assign are not automatically brought into the System, students should register those pre-assign courses on their own.
  - 1.3.6.3. The classes with the same curriculum number could be taken only one per semester, excluding [those](#) course which previously have been reported by each department to the Office of Academic Affairs.
  - 1.3.6.4. The course that have been credited would be blocked while allocating in Stage 2, excluding [those](#) courses which previously have been reported by each department to the Office of Academic Affairs.
  - 1.3.6.5. Please comply with restrictions in the column of Limits on Course-adding/dropping and the column of remark in the course selection system to select courses. Please do not register the courses unless the restrictions are fitted. System will block courses at the end of Pre-registration-Stage 2 in accordance with the restriction.
  - 1.3.6.6. As the system will favor students who select courses offered by their own departments during the Stage 1, students are advised to take advantage of this stage and select all the required/required-elective courses specified by their own departments.
  - 1.3.6.7. The system of “course selection results” in myNTU will reserve those results of each stage in pre-registration, each allocation after classes begin and logs record for students to look them up. In addition, students can click on “Inquiry of the Number of Students Enrolling for a Course” in the entry page of the “course selection system” to check in real-time the maximum capacity, confirmed and enrolled number of students, and remain capacity of all Courses in the current semester.
- 1.3.7. **Please go to myNTU, click on “Students” and “[Course Selection Results](#)” to check the allocation results from 15:00 of January 23(Friday).**
- 1.3.8. **Course Selection Results:**
  - 1.3.8.1. System will keep every entry record of log in/log out and course-add/drop/register. To inquire records just click the “log”.
  - 1.3.9. Students should make sure to click “confirm” in order to save the entry into file, every time you add/drop/register a course. Please also make sure log out after course selection to keep the complete course selection results
- 1.4. **Course Pre-Registration - Stage 2 (初選二階)**  
**【January 26 (Mon.) to January 27 (Tue.), from 9:00 a.m. to next day 3:00 a.m.】**
  - 1.4.1. During Stage 2, students can inquire all classes of fulfillment selection then add (still use the way of “pre-register”) those remaining capacity classes which are available for selection. Course registration should conform to the regulation of course selection of each individual course. **Student**

should not register any course whose curriculum number is the same with curriculum number of any confirmed course or conflicts in schedule with any confirmed courses.

- 1.4.2. The allocation rules in this stage are the same as those of stage 1. Bachelor degree students at this stage found that the previous semester GPA has reached 3.9 and the credit limit is not raised to 31 credits, can contact the academic staff to identify and correct.
- 1.4.3. After the end of the allocation process, the System will process course blocking as follows:
  - 1.4.3.1. Students who do not meet the prerequisites of a course shall be blocked from registering for the course or if the grades of prerequisite courses have not been arrived, they will be regarded as “X”. If these grades do not conform to the requirement of prerequisite courses, the course will be blocked.  
But if students download “[Unblock Course Request Form](#)” online and obtain approvals/signatures from the responsible class instructor and the chair/director of the department/institute offering the courses, and submit the form to Office of Academic Affairs within two weeks after classes begin, they are not subject to this restriction.
  - 1.4.3.2. Re-taking course with the same curriculum number of any passed courses (except thesis, seminar, special topic/studies, or courses that have been reported to the Office of Academic Affairs by home department in advance) will be blocked at the period of pre-registration. It can be added only after classes begin.
  - 1.4.3.3. Students only take laboratory courses offered by the Department of Chemistry but do not take lecture ones.
  - 1.4.3.4. Students, who are not qualified to Teacher Education Program, select four kinds of courses which are only offered to students of Teacher Education Program.
  - 1.4.3.5. Student has gotten approval of exemption from Freshman English which is checked and ratified by the department of Foreign Languages and Literatures, the confirmed class of English will be deleted.

1.4.4. Please check the allocation results of this stage from 15:00 of January 29 (Thursday) at myNTU and then click on “Students” → “[Course Selection Results](#)”.

## 1.5. Online Course Add/Drop (加退選)

【Feb. 23 (Mon.) at 9:00 a.m. ~ Mar. 7 (Sat.) at 11:59 p.m., Online Course **Drop**】

【Feb. 23 (Mon.) at 9:00 a.m. ~ Mar. 9 (Mon.) at 11:59 p.m., Online Course **Add**】

### 1.5.1. Course Classification:

Courses are classified into 3 types according to 3 different methods of course add after classes begin. Each type will be assigned one particular method by the class instructor, and be announced by NTU online first.

**Type 1 courses:** There are no capacity limits. Students can add courses online directly but when additions are over 400 the System will stop addition. Additions made by students who fail to fulfill the course requirements will be blocked.

**Type 2 courses:** Class instructor will issue course permission number to control the capacity and qualification of the class. Students can then add courses online with the given permission number.

**Note:** If the instructor does not accept the student with no permission number taking the course, the Office of Academic Affairs will delete that non-authorized course selection.

Every permission number is only allowed to be used by a single authorized student. 【Remark: If the student drops the same course after course-add online, he/she may use the same permission number to add that course again by the end of the period of online course-add.】

**Type 3 courses:** During **the first week** after the classes begin, the students register the courses and the courses will be allocated based the students' preference order. Since **the second week**, the courses add method for Type 3 course will be by inputting a permission number in the course selection system.

**Note:** Inter-university courses of NTNU and NTUST are classified as Type 3 and be added online at the NTU SYSTEM REG. in NTU Course Selection System with the given permission number.

### 1.5.2. Course Add/Drop schedule:

Week	Date	Day	9:00~12:00	12:00~15:00	15:00~next day 03:00	Remark

Third week	3/10	Tue	<b>Deletion process</b> for the Type 1/Type 3 of classes which violate the restrictions of pre-required courses.			<b>Office time is 8:00 to 17:00 daily.</b>

**\*Note :** Course deletions on Mar. 5, 2026, means those who do not finish tuition payments on time will have their courses deleted.

1.5.2.1. Week 1 & 2 Course Add/Drop schedule is as shown in the table above.

1.5.2.1.1. **Course drop: Online course drop is only accessible by 11:59 p.m. on Mar. 7 (Saturday).** After then, no any course drop is allowed. Students can only apply for course withdrawal after course drop deadline. But if there is any special situation not attributed to students, the students may file a “[Special Request Form](#)” together with relative evidence document to obtain the approval and signature from the class instructor and the chairperson/director of the home department/institute, and then submit the request form and the document to the Office of Academic Affairs by Mar. 13 (Friday). After verified by the Office of Academic Affairs and approved by the Vice President for Academic Affairs, the course can then be dropped.

1.5.2.2. For special situations like as following, students may fill in the “[Course Overload Request Form](#)” then obtain the approval and signature from their mentor and the chair/director of the home department/institute and the Vice President for Academic Affairs. Once having approval/signature and after the staff in charge adjusting the maximum credit limit, students may then add/register online up to approved credit limit.

1.5.2.3. The approved credit numbers adjustment will be applicable from the stage 2 of the pre-registration period.

1.5.2.4. When the System allocates a new registered course to a student, if the course conflicts in schedule with a confirmed course or has the same curriculum number but different in class to a confirmed course, the original confirmed course will be deleted by System automatically.

**\*Note :** If the final credit of course selection does not meet regulations mentioned above, student has to file a “[Course Underload Request Form](#)”, get approvals and signatures from the mentor and the chair/director of the home department/ institute, and finish all necessary procedures in the corresponding Office of Academic Affairs within two weeks after classes begin. Otherwise he/she will be suspended/expelled from school.

## 1.6. Course Selection Confirmation (選課確認)

**【Mar. 11 (Wed.) at 10:00 a.m. ~ Mar. 13 (Fri.) at 5:00 p.m.】**

1.6.1. Students, no matter they make course add/drop or not, should confirm their course selection results during the 3rd week after classes begin. Please go to [myNTU](#), click on “Students”, and then “Course Selection Results”.

**【Remark: Instructors can set students as auditors in NTU COOL, but this does not mean that they will be enrolled in the course and will not receive grades for the course.】**

1.6.2. Confirmation letter will be sent to students by E-mail to the [student ID@ntu.edu.tw](mailto:student ID@ntu.edu.tw) after confirmed completely.

1.6.3. If students fail to confirm the results of course selection in this stage, computer records in the System of the Office of Academic Affairs will be considered as the final results. No appeal for remedy will be accepted, even if there are any mistakes or errors in the course selection.

## 1.7. Course Withdrawal (停修)

**【Mar. 11 (Wed.) - May 29 (Fri.)- from 8:00 a.m. to 5:00 p.m.】**

Students can request a course withdrawal after the end of the course add/drop if they cannot continue studying in the course specified. They should enter the [NTU Courses Withdrawal Application](#) and withdraw it.

**【Remark: Undergraduate students in their extended study term when they take credits less than/equal to 9 credits, the credit tuition is charged but more than 10 credits the full tuition is charged.】**

## 1.8. Inter-University Course Selection, during Pre-registration and Course Add/drop periods(校際選課)

### ■ General Regulations : (校際選課共通規定)

A. For undergraduate students, the maximum number of credits for inter-university course selection per semester should not exceed one-third of the total credits taken in that semester. However, from Course Pre-registration—Stage 2, this stipulation shall not apply to students who pursue an inter-university double major or minor, have tri-university program registration or receive approval from the head of the department or the offering unit of the degree program and Office of Academic Affairs with justifiable cause.

B. The course enrollment excluded from the cooperation agreements for inter-university course selection will be invalid. Students can only register the courses which are not offered by NTU in the current semester.

C. Students who have been expelled or had their enrollment terminated by NTU are not allowed to take courses at NTU as students from other universities.

■ Inter-University Course Registration for National Taiwan University System (National Taiwan Normal University, National Taiwan University of Science and Technology) (NTNU and NTUST):

A. Course Selection Instructions:

**Selection Period:** During the course pre-registration stages and add/drop periods, following the University's regular course selection schedule.

**Selection Method:**

Please register for courses through the University's Online Course Selection System.

Enrollment in courses with the same course title is not permitted. However, this restriction does **not** apply to students with inter-university minor, double major, or credit program status.

a. Pre-registration Stage:

Log in to **NOL** and select courses listed under "NTU System Courses."

The selection procedures are the same as those for regular NTU courses during the add/drop period.

b. Add/Drop Stage:

Although courses offered by NTU System are categorized as Type 3 courses, students may also request a permission number directly from the course instructor (as an additional quota).

After obtaining the number, please enter it in the "NTU SYSTEM Registration" tab of the course selection system to complete enrollment.

B. Remarks:

- a. For enrolling in courses offered by the NTU System, students are required to pay the tuition fees to NTU according to NTU's regulations and are exempt from paying the credit fees to the course-offering university.
- b. Elective courses taken from the NTU System may be recognized as liberal education credits (Please check the remarks on NTU Course Selection System to see if the liberal education courses offered by the NTU System are recognized as NTU's liberal education credits). Physical education courses will all be recognized as elective physical education credits. All-Out Defense Education courses will not be counted towards graduation credits. For other selected courses, whether they will be counted towards graduation credits or not, please be sure to consult your department or degree program BEFORE selecting courses and have them approved by relevant meetings before submitting them to the academic unit for review.

■ Inter-University Course Registration for National Taipei University of Education (NTUE) and National Taiwan University of Arts (NTUA):

A. Application Deadline: by **5:00 PM, Mar. 6 (Friday), 2026**.

B. NTU students who wish to **take liberal education courses** are advised to refer to the instructions provided on NTU's Center for General Education website, download the application form, complete and submit the application form by the deadline.

C. For taking **courses other than liberal education courses**, please apply through myNTU → Courses → Online Course Information → 「[Inter-University Course Selection System](#)」, and submit the paper applications before the indicated deadline.

D. Additionally, according to the regulations of the NTUA, inter-university course registration students are required to log in to their academic affairs system to register for courses. Please refer to the process and instructions for details.

- E. When enrolling in courses at NTUE and NTUA, students are still required to pay the tuition fees to NTU according to NTU's regulations and are exempt from paying the credit fees to NTUE or NTUA. However, for students in the Teacher Education Program, separate fees shall be paid according to the regulations of the Center for Teacher Education.
- F. Please be aware that there may be differences in class schedules and time slots between NTU, NTUE and NTUA. Students are advised to confirm the class schedules before course selection to avoid scheduling conflicts.

■ Inter-University Course Registration for Courses at Other Universities:

- A. NTU students and students of other universities can only select the courses offered by the universities/departments which have signed the collaboration agreements. Please go to NOL and follow the path (English → “Others” ) to inquire information about inter-university courses. It is not valid to take courses that are not offered based on the inter-university collaboration agreements and students can only add courses if they are not offered at NTU in the current semester.
- B. Students who wish to take inter-university courses should apply through myNTU → Courses → Online Course Information →「[Inter-University Course Selection System](#)<sup>CH</sup>」°, and submit the paper applications before the indicated deadline (**Mar. 6 2026, 5:00 PM**).
- C. The fees for taking courses at other universities are to be paid according to the regulations of the respective schools, and students are exempt from paying the credit fees at NTU.

**1.9. Other Notes:**

- 1.9.1.1. Students who do not pay all required fees and complete enrollment procedures by the deadline or have been granted registration extension but still fail to pay the required fees during the extended period should be flunked out. All selected courses, even have been confirmed, in the current semester are invalid and will be deleted.
- 1.9.1.2. Whether courses of doctoral level are opened to master students or undergraduate students, and whether courses of master's level are opened to undergraduates are decided by instructors of the courses and the chair/director of the department/institute offering the courses. ## **2. Notes for course selection of General/Liberal Education curriculum**

- 2.1. Undergraduate students admitted to the University in or after academic year 2016 must obtain 15 credits of Liberal Education courses.
- 2.2. Effective from academic year 2007 the Liberal Education curriculum covers 8 core areas, namely “Literature and Arts (A1),” “Historical Thinking (A2),” “World Civilization and Globalization (A3),” “Philosophy and Moral Thinking (A4),” “Citizenship and Social Analysis (A5),” “Mathematics and Computer Science (A6),” “Physical Science (A7),” and “Life Science (A8).” Students are required to earn at least 15 credits to fulfill their Liberal Education requirement.
- 2.3. Students must take 3 out of 5 or 6 core areas designated by their departmental affiliation (the designated core areas for each department can be referred to this [URL](#)). Once students complete at least one course in each of the 3 designated areas, they are exempted from the restriction of designated areas and can choose any course in any area. International students are exempted from the restriction above.
- 2.4. Students are allowed a maximum of 6 credits of Communication, Expression and Career Development Course to be counted towards their Liberal Education workload. The Communication, Expression and Career Development Course will be planned and offered by the Center for General Education, and will be publicized in NTU’s course curriculum catalog.
- 2.5. Students can substitute up to 3 credits of College Chinese in fulfillment of the same number of credits in any one core area of the Liberal Education A1 to A4 core areas, and vice versa. In short, the credit sum of Chinese and Liberal Education is 18 credits; students can choose either of the below options to fulfill their requirement of Chinese and Liberal Education:
  - (1) 6-credits of Chinese + 12-credits of Liberal Education (Once they have completed courses in 2 designated core areas, students can take any course of any core area as long as the course doesn’t conflict with Code below);
  - (2) 3-credits Chinese + 15-credits of Liberal Education (Once they complete a course in 3 designated core areas, students can take any course of any core area as long as the course doesn’t conflict with Code below).
- 2.6. The departmental courses approved and publicized by the Center for General Education can be counted towards the Liberal Education requirement (the approved ones can be referred to this [URL](#)). Nevertheless, if the course is offered by the student’s major department and/or is counted as a required course for graduation, it is forbidden to be counted towards fulfillment of the student’s Liberal Education requirement.
- 2.7. If students take more than the aforementioned required credits of Liberal Education courses, the excess will be counted as elective course credits. Whenever a student’s affiliated department sets specific provisions regarding the Liberal Education requirement, that provision shall prevail.
